### Independent Auditors' Review Report

To the Board of Directors of Ace Pillar Co., Ltd.:

#### Introduction

We have reviewed the accompanying consolidated balance sheets of Ace Pillar Co., Ltd. and its subsidiaries as of September 30, 2025 and 2024, and the related consolidated statements of comprehensive income for the three months and nine months then ended, as well as the consolidated statements of changes in equity and cash flows for the nine months then ended, and notes to the consolidated financial statements, including a summary of material accounting policies. Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard ("IAS") 34, "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

#### Scope of Review

Except as explained in the section of the Basis for Qualified Conclusion of the Consolidated Financial Statements for the nine months ended September 30, 2025, we conducted our reviews in accordance with the Standard on Review Engagements 2410, "Review of Financial Information Performed by the Independent Auditor of the Entity" of the Republic of China. A review of the consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing of the Republic of China and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Basis for Qualified Conclusion of the Consolidated Financial Statements for the Nine Months Ended September 30, 2025

As stated in Note 4(b) to the accompanying consolidated financial statements, the consolidated financial statements included the financial statements of certain non-significant subsidiaries, which were not reviewed by independent auditors. These financial statements reflect the total assets amounting to \$202,489 thousand, constituting 3.99% of the consolidated total assets, and the total liabilities amounting to \$83,481 thousand, constituting 3.96% of the consolidated total liabilities as of September 30, 2025, as well as the total comprehensive income amounting to \$12,780 thousand and \$19,047 thousand, constituting 14.40% and 12.73% of the consolidated total comprehensive income for the three months and nine months ended September 30, 2025, respectively.

## **Qualified Conclusion and Unqualified Conclusion**

Based on our reviews, except for the adjustments, if any, as might have been determined to be necessary had the financial statements of certain non-significant consolidated subsidiaries described in the section of the Basis for Qualified Conclusion of the Consolidated Financial Statements for the nine months ended September 30, 2025, been reviewed by independent auditors, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of Ace Pillar Co., Ltd. and its subsidiaries as of September 30, 2025 and 2024, and their consolidated financial performance for the three months and nine months then ended, as well as their consolidated cash flows for the nine months then ended, in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and IAS 34, "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

The engagement partners on the reviews resulting in this independent auditors' review report are Kao, Ching-Wen and Chang, Huei-Chen.

**(Expressed in Thousands of New Taiwan Dollar, Unless Otherwise Specified)**

**1. Organization and business**

Ace Pillar Co., Ltd. (the “Company”) was incorporated on March 31, 1984 as a company limited by shares under the laws of the Republic of China (“R.O.C.”) and registered under the Ministry of Economic Affairs, R.O.C. The address of the Company’s registered office is 12F., No. 558, Zhongyuan Rd., Xinzhuang Dist., New Taipei City, Taiwan (R.O.C.). The Company and its subsidiaries (collectively the “Group”) are primarily engaged in the tests, processing, sales, repairment, electromechanical integration of automation control and mechanical transmission system and intelligent technology service, the sales of semiconductor, optoelectronics and machinery equipment and equipment repair, energy technology service, the sales and service of energy management products, as well as the manufacture and sales of strapping equipment.

**2. Authorization of the consolidated financial statements**

These consolidated financial statements were authorized for issue by the Board of Directors on November 3, 2025.

**3. Application of new and revised accounting standards and interpretations**

(a) The impact of the International Financial Reporting Standards (“IFRS Accounting Standards”) endorsed by the Financial Supervisory Commission, R.O.C. (“FSC”) which have already been adopted.

The Group has initially adopted the following new amendments, which do not have a significant impact on its consolidated financial statements, from January 1, 2025:

- Amendments to IAS 21 “Lack of Exchangeability”

(b) The impact of IFRS Accounting Standards endorsed by the FSC but not yet effective

The Group assesses that the adoption of the following new amendments, effective for annual period beginning on January 1, 2026, would not have a significant impact on its consolidated financial statements:

- IFRS 17 “Insurance Contracts” and amendments to IFRS 17 “Insurance Contracts”
- Amendments to IFRS 9 and IFRS 7 “Amendments to the Classification and Measurement of Financial Instruments”
- Annual Improvements to IFRS Accounting Standards—Volume 11
- Amendments to IFRS 9 and IFRS 7 “Contracts Referencing Nature-Dependent Electricity”

**ACE PILLAR CO., LTD. AND SUBSIDIARIES**  
**Notes to the Consolidated Financial Statements**

(c) The impact of IFRS Accounting Standards issued by the International Accounting Standards Board (“IASB”) but not yet endorsed by the FSC

The following new and amended standards, which may be relevant to the Group, have been issued by the IASB, but have yet to be endorsed by the FSC:

<b>Standards or interpretations</b>	<b>Content of amendment</b>	<b>Effective date per IASB</b>
IFRS 18 “Presentation and Disclosure in Financial Statements”	<p>The new standard introduces three categories of income and expenses, two income statement subtotals and one single note on management performance measures. The three amendments, combined with enhanced guidance on how to disaggregate information, set the stage for better and more consistent information for users, and will affect all entities.</p> <ul style="list-style-type: none"> <li>● A more structured income statement: under current standards, companies use different formats to present their results, making it difficult for investors to compare financial performance across companies. The new standard promotes a more structured income statement, introducing a newly defined “operating profit” subtotal and a requirement for all income and expenses to be allocated between three new distinct categories based on a company’s main business activities.</li> <li>● Management performance measures (MPMs): the new standard introduces a definition for management performance measures, and requires companies to explain in a single note to the financial statements why the measure provides useful information, how it is calculated and reconcile it to an amount determined under IFRS Accounting Standards.</li> <li>● Greater disaggregation of information: the new standard includes enhanced guidance on how companies group information in the financial statements. This includes guidance on whether information is included in the primary financial statements or is further disaggregated in the notes.</li> </ul>	<p>January 1, 2027</p> <p>Note: On September 25, 2025, the FSC issued a press release announcing that Taiwan will adopt IFRS 18 beginning in 2028. Companies could elect to early adopt IFRS 18, when necessary, after the endorsement by the FSC.</p>

- IFRS 19 “Subsidiaries without Public Accountability: Disclosures” and amendments to IFRS 19

The estimated amounts mentioned above are calculated based on the income before income tax, excluding the remuneration to employees and directors of the period, multiplied by the percentage of remuneration to employees and directors as specified in the Company's articles, and recognized them as operating expenses. The difference between accrual and actual payment, if any, will be accounted for as change in accounting estimate and be recognized in profit or loss in the following year. Shares distributed to employees as employees' remuneration are calculated based on the closing price of the Company's shares on the day before the approval by the Board of Directors.

The table below analyzes financial instruments that are measured at fair value subsequent to initial recognition, grouped into Levels 1 to 3 based on the degree to which the fair value is observable. The different levels have been defined as follows:

- a) Level 1: quoted prices (unadjusted) in active markets for identified assets or liabilities.
- b) Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- c) Level 3: inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

**Notes to the Consolidated Financial Statements**

3) Valuation techniques and assumptions used in fair value measurement

a) Non-derivative financial instruments

The fair value of unlisted stock held by the Group is estimated by using the market approach and is determined by reference to net worth, operating activities and the market value of other assets and liabilities of the investee. The significant unobservable inputs is primarily the liquidity discounts. No quantitative information is disclosed due to that the possible changes in liquidity discounts would not cause significant potential financial impact. The fair value of financial liabilities at fair value through profit or loss (preference share liabilities) is determined based on the discounted cash flow model.

b) Derivative financial instruments

The fair value of derivative financial instruments is determined using the valuation techniques generally accepted by market participants. The fair values of foreign currency forward contracts and foreign exchange swaps are usually determined by the forward exchange rate. Redemption options of convertible bonds are measured based on appropriate option pricing model.

4) Transfers between levels of the fair value hierarchy

There were no transfers among fair value hierarchies for the nine months ended September 30, 2025 and 2024.

(iii) Credit risk

Please refer to note 6(e) for credit risk exposure of notes and accounts receivable. Other financial assets amortized at cost includes other receivables, which are considered as low-credit-risk financial assets; therefore, the loss allowance are measured using 12-month ECL. Please refer to note 6(f) for ECL assessment.

(iv) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in settling its financial liabilities by delivering cash or other financial assets. The Group manages liquidity risk by monitoring regularly the current and mid- to long-term cash demand, maintaining adequate cash and banking facilities, and ensuring compliance with the terms of the loan agreements. As of September 30, 2025, December 31 and September 30, 2024, the Group had unused credit facilities of \$3,318,782, \$2,872,678 and \$2,129,296, respectively.
